# Storyboard [1]

Takes user input (username)

When pressed, the system checks if the username is correct. If it is, the user is logged in and taken to the correct display page

Exits the application

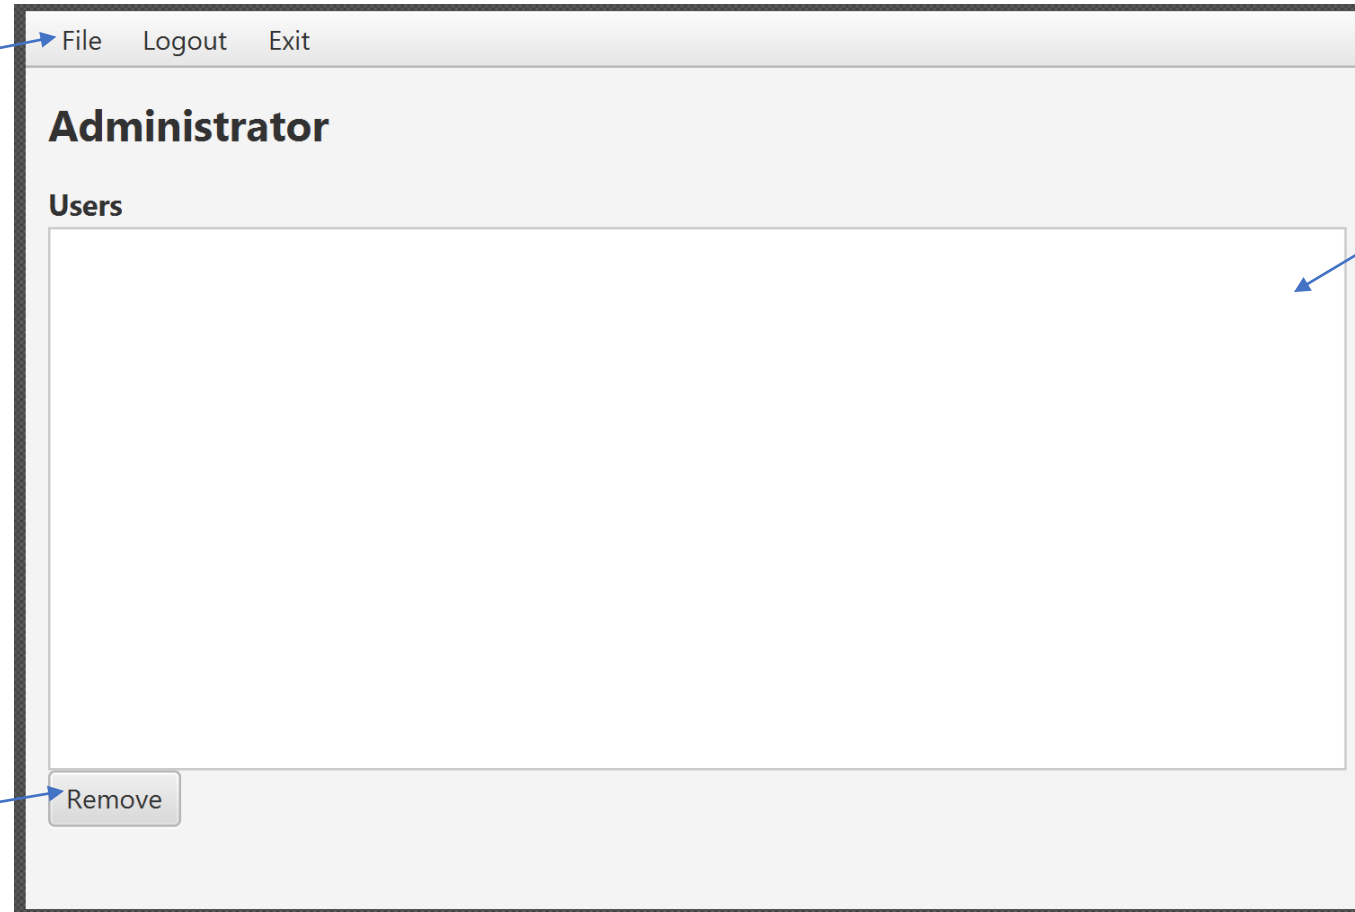

# Storyboard [2] – Administrator Scene

Menu bar: allows the users to...

- Insert a new user
- Logout of the session
- Exit the application

Displays users via ListView

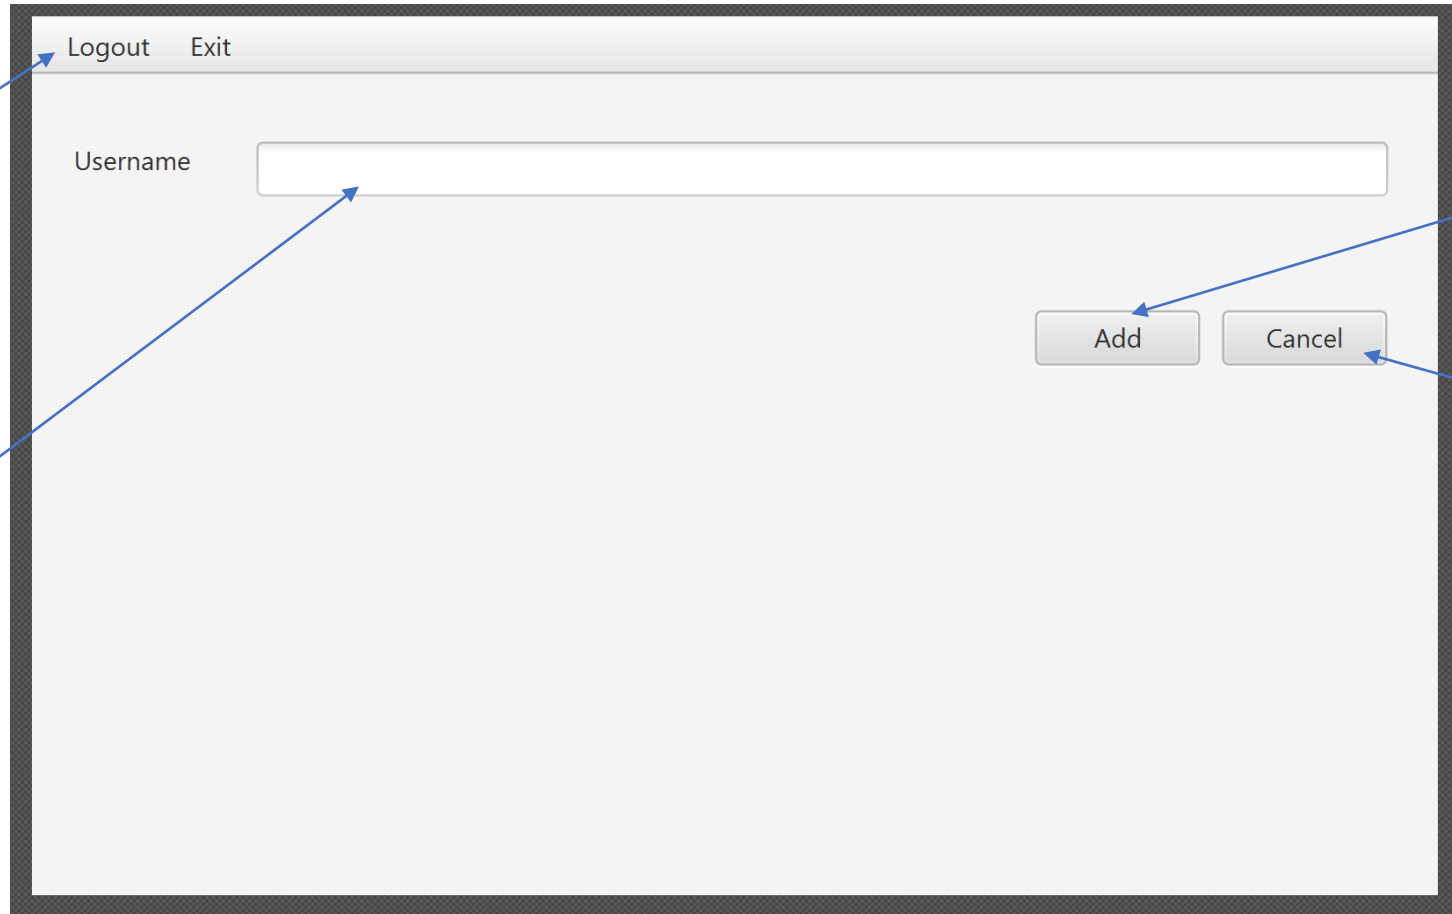

Removes the selected user from the list

# Storyboard[3] – Add new user

On menu bar,  
admin is able to  
logout of the  
current session or  
exit the application

Name of user  
is typed in  
textField

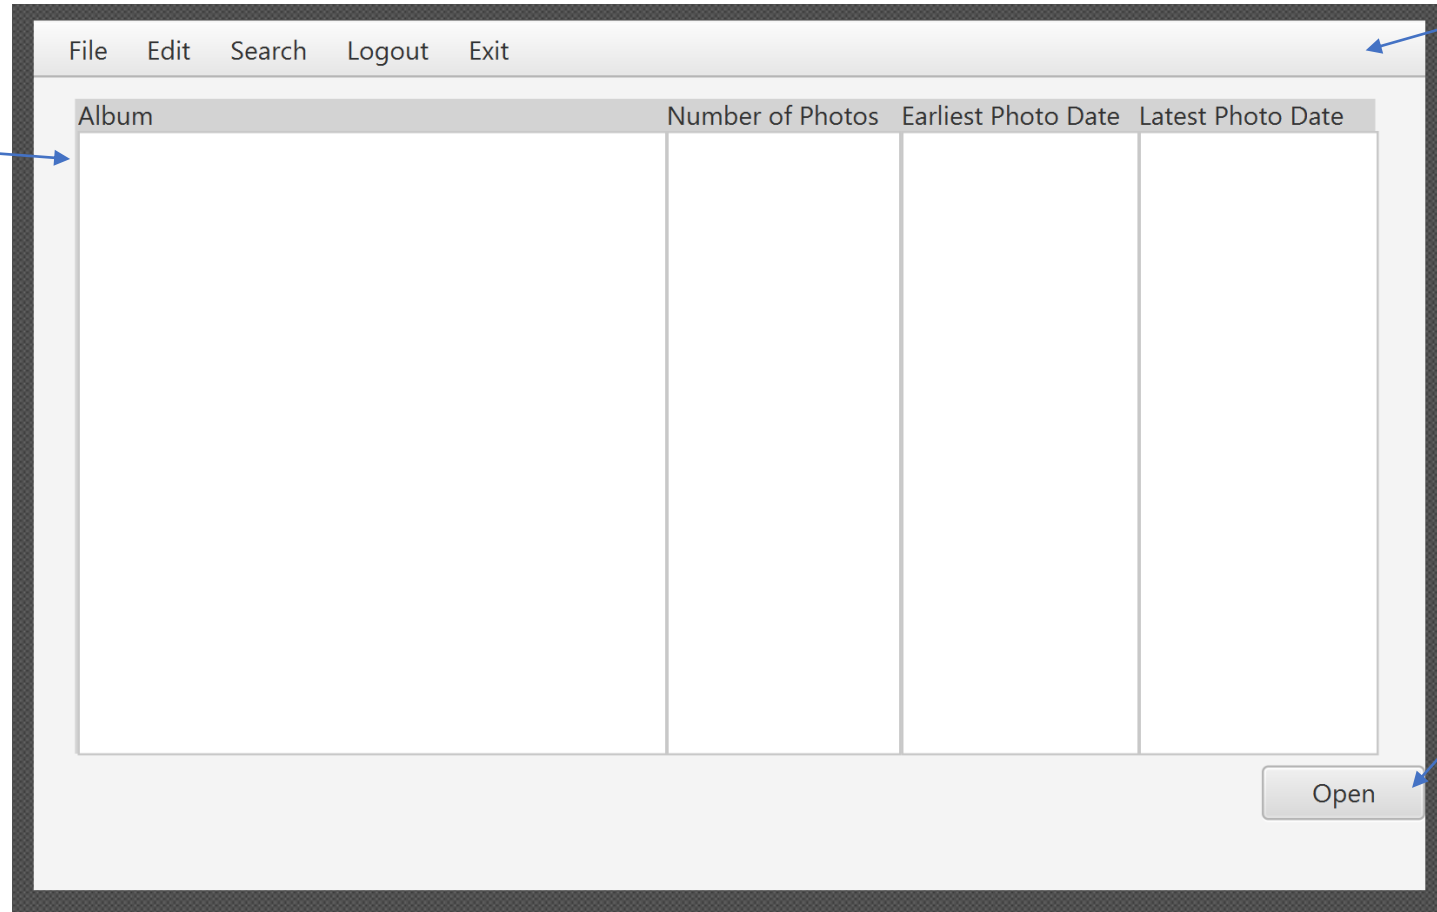

The diagram shows a user interface for adding a new user. It features a menu bar at the top with 'Logout' and 'Exit' options. Below the menu bar is a text field labeled 'Username'. At the bottom right, there are two buttons: 'Add' and 'Cancel'. Blue arrows point from the text annotations to these elements: one from 'Logout' to the menu bar, one from 'Username' to the text field, one from 'Add' to the 'Add' button, and one from 'Cancel' to the 'Cancel' button.

Adds user to list

Cancels the  
process

# Storyboard [4] – Non-Administrator Scene

Albums and their relevant information is displayed in this scene using listView

Menu bar allows user to...

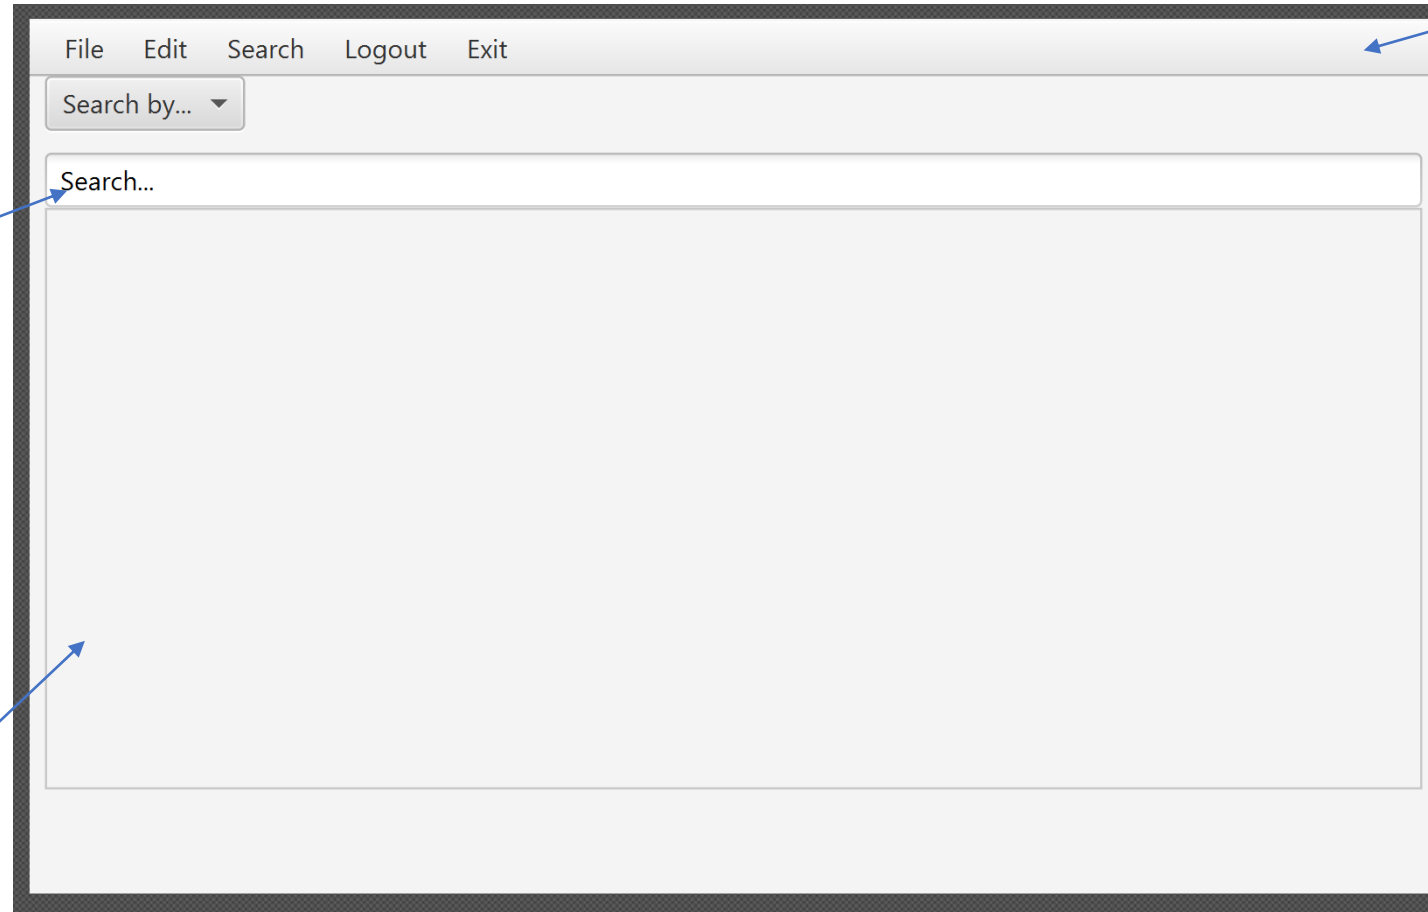

- Create new album
- Rename album

Opens selected album

# Storyboard [5] – Search By Tag

Takes input for the tag values that are then searched for

Results displayed here

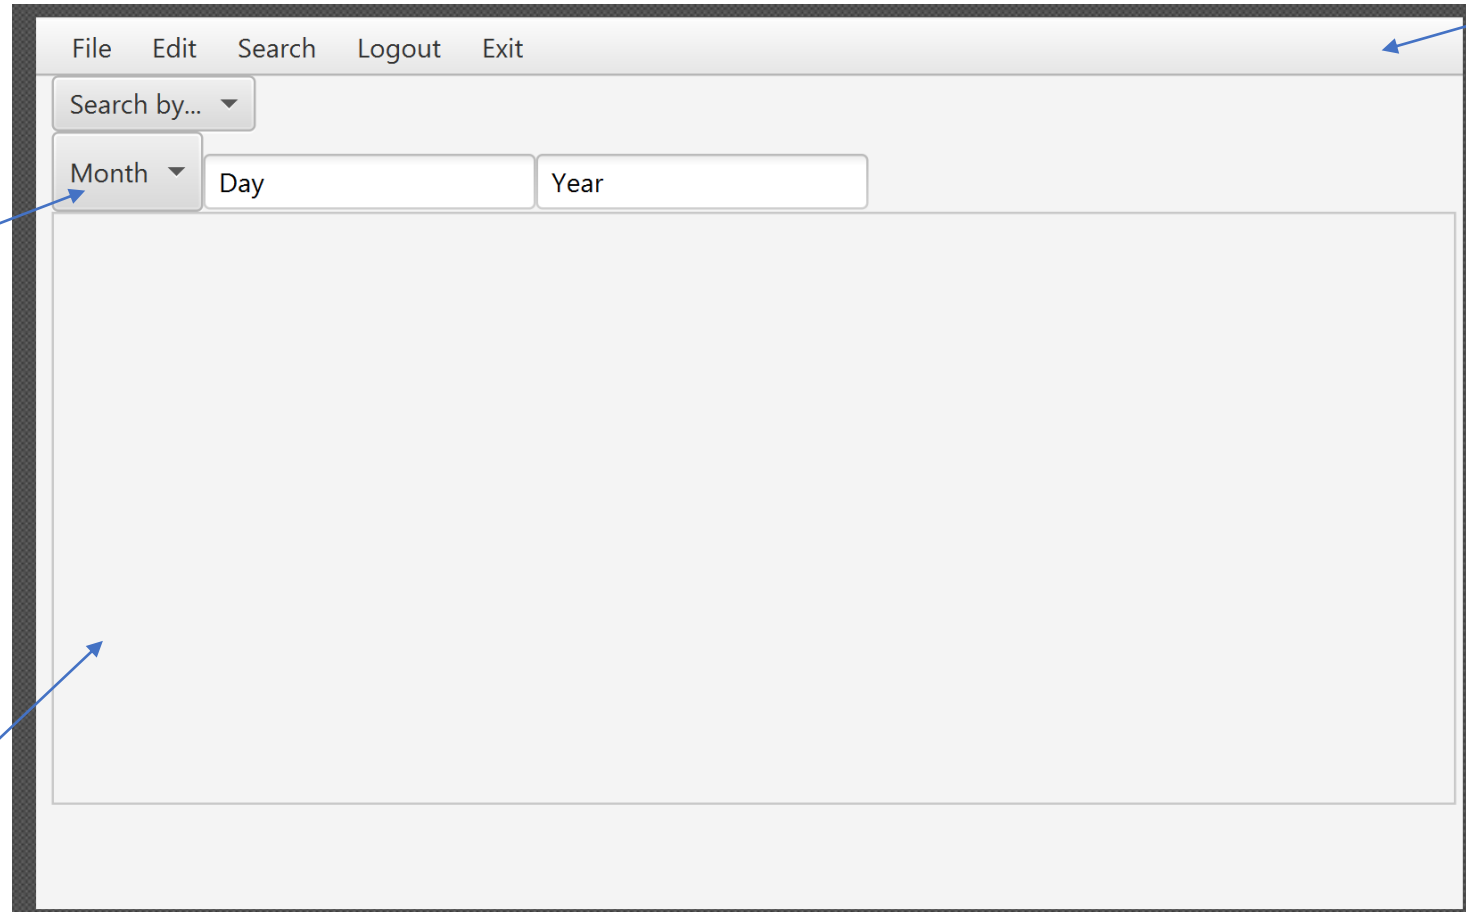

Menu bar allows user to...

- Create new album
- Rename album
- Delete album
- Search for a photo
- Logout of session
- Exit session

# Storyboard [6] – Search by Date

Takes input for the date values that are then searched for

Results displayed here

The image shows a storyboard for a 'Search by Date' feature. The interface is a window with a menu bar at the top containing 'File', 'Edit', 'Search', 'Logout', and 'Exit'. Below the menu bar is a 'Search by...' dropdown menu. Underneath this, there is a 'Month' dropdown menu, followed by two text input fields labeled 'Day' and 'Year'. The main area of the window is a large, empty rectangular box, which is the designated space for displaying search results. Blue arrows point from the text annotations to the 'Month' dropdown, the large results area, and the menu bar.

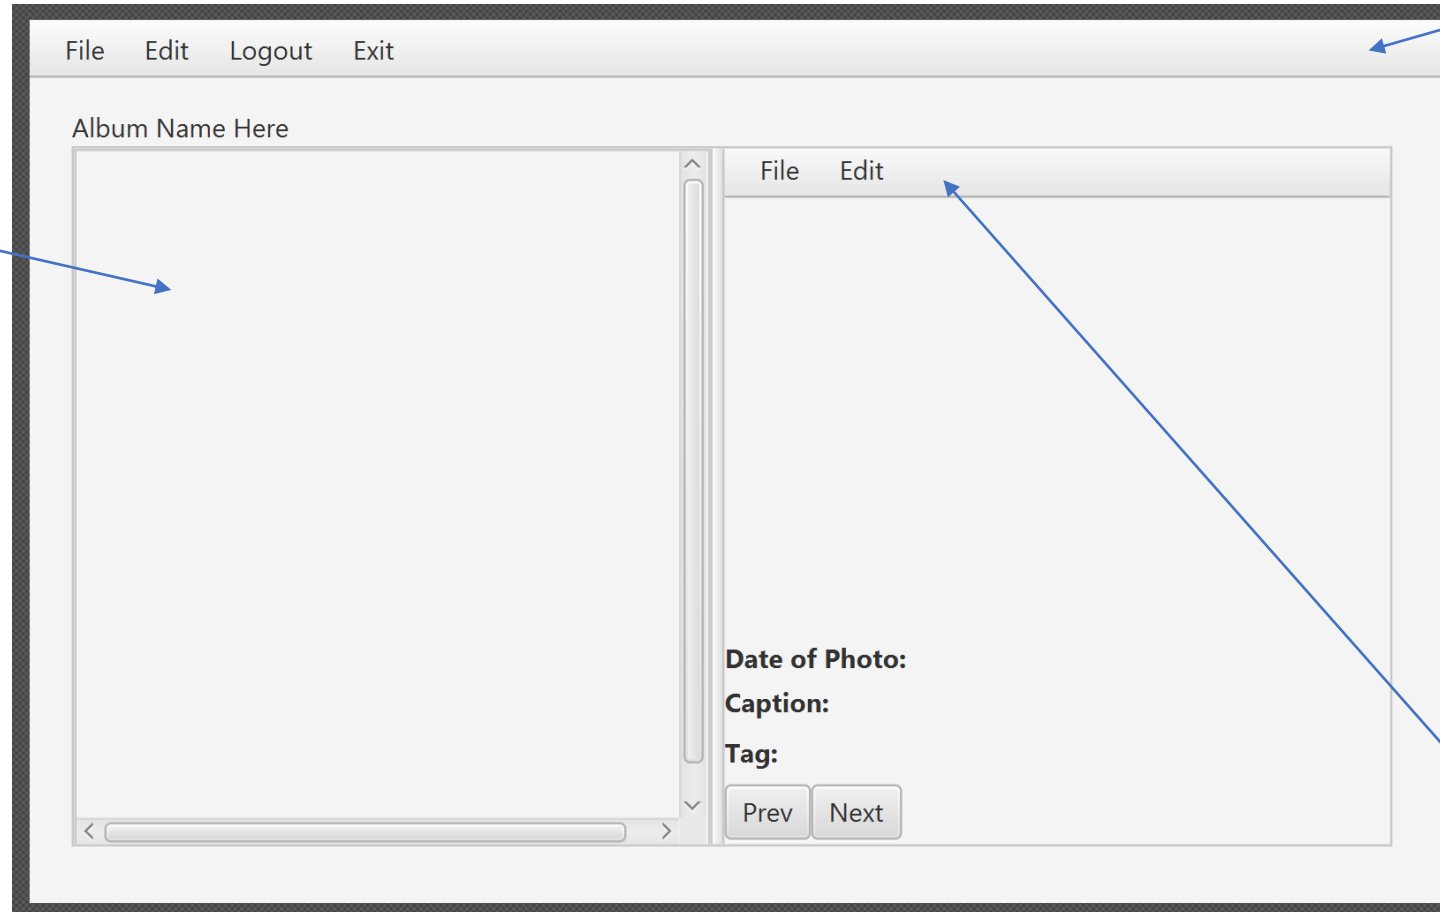

Menu bar allows user to...

- Create new album
- Rename album
- Delete album
- Search for a photo
- Logout of session
- Exit session

# Storyboard [7] – Album Display

Images are displayed in Scroll Pane by their thumbnails

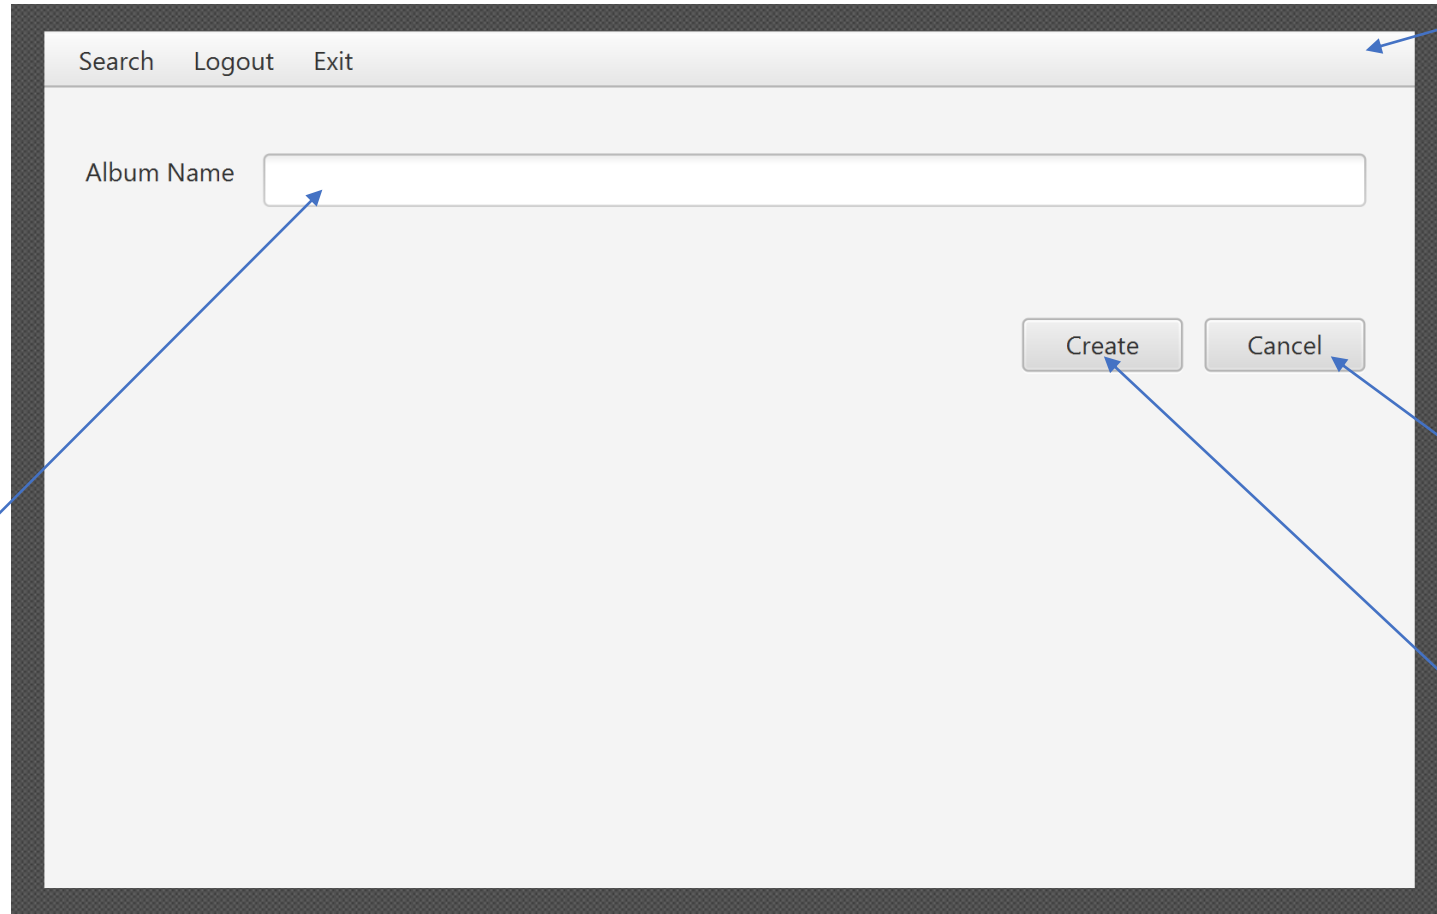

Menu bar allows user to...
